

MEASURING DEVICES

PROFESSIONAL SHOE HORN

Ref.: APX-5033 12 Units per Pack

HEAVY DUTY SHOE HORN

Chrome.

Ref.: EL-94801

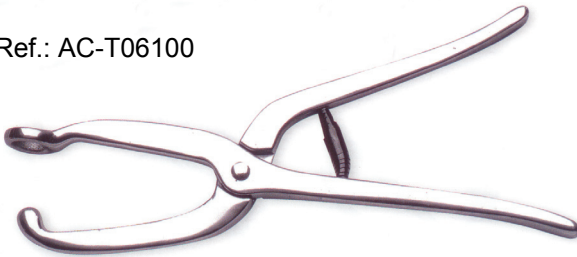

BALL AND RING STRETCHER WITH CLAMP

Ref.: APX-9092

ALUMINUM BALL AND RING STRETCHER

Ref.: AC-T06100

FOOT FUNNEL

Hands free shoe donning is the safer and easier alternative to the long handled show horn. The functional alternative to the long handled shoe horn loads into the shoe. Its straight, smooth surface makes it easy to get foot in and FootFunnel out. great for those that can't reach down with their hands. Works with most shoe types and sizes.

Ref.: PEL-927691

TWO WAY SHOE STRETCHER

MEASURING TAPE

Inch and Metric, 60" / 150CM

Ref.: FL-220328

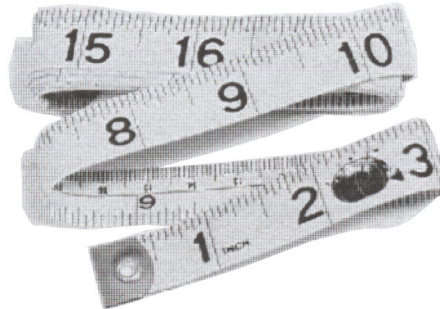

Ref	Women's Size	Men's Size
APX-9099-SM	4-8	3-7

UNIVERSAL GAUGE

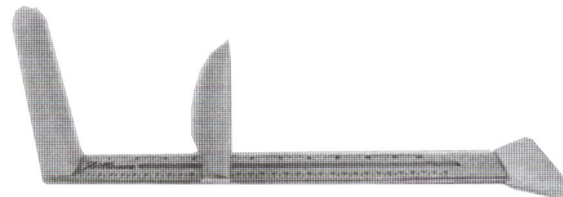

Anatomical measuring tool. Inch and Metric, 17" with level

Ref.: FL-220336

AP GAUGE

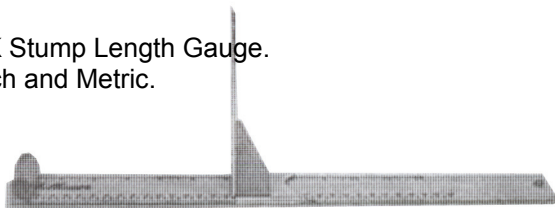

For AK Sockets and Ischial Brims. Inch and Metric.

Ref.: FL-220137

TRANSTIBIAL GAUGE

BK Stump Length Gauge. Inch and Metric.

Ref.: FL-220145

ORIGINAL AP-ML GAUGE

Length: 22"

Ref.: FL-220335

DIGITAL GRAM SCALE

Up to 2000 gr.
 Battery operated (included).
 Measures grams and ounces.

Ref.: AC-T005251

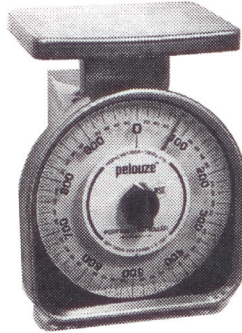

MEASURING DEVICES

WEIGHT SCALE

5-Gram increments to 1000 grams.

Ref.: US-T04-300-0000

SCALE FOR MIXABLE SILICONES

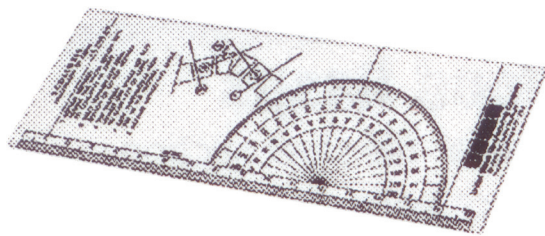

From 0.1 to 150 gr.

Ref.: GS-0194500

COBB RULER

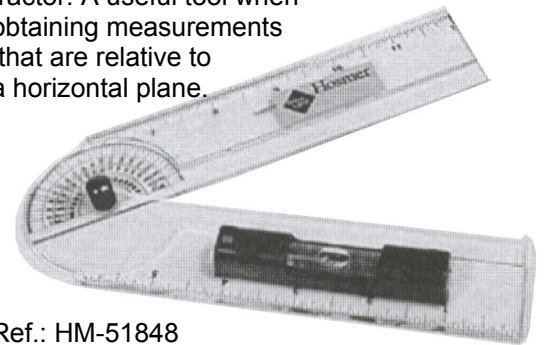

For measuring the degree of curvature of the spine to within one degree.

Ref.: PEL-P228001

GONIOMETER

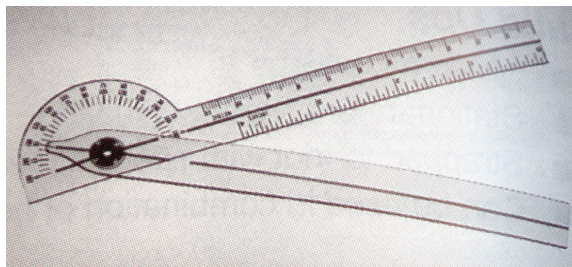

A combination of a level and adjustable protractor. A useful tool when obtaining measurements that are relative to a horizontal plane.

Ref.: HM-51848

GONIOMETER

A useful tool when obtaining measurements that are relative to a horizontal plane.

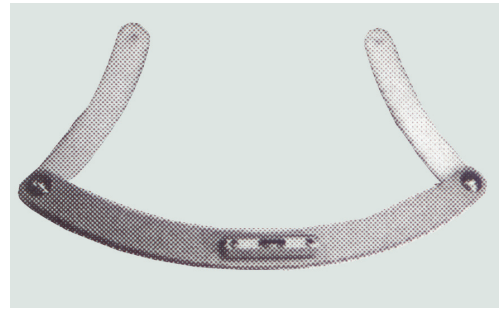

Reference	Description
ALI-5047	Personal Rulangemeter, 360° in 5° increments, Two 0-180° scales that read in opposite directions, Made of durable, economical vinyl (not shown)
ALI-5048	Baseline® 180° Goniometer, Two 0-180° scales that read in opposite directions (shown above)
ALI-5053	Baseline® 360° Goniometer, Two scales: 360° and 180° (not shown)
US-40049	Goniometer, Light plastic (not shown)
AC-TA4411	15CM Goniometer (not shown)

MEASURING DEVICES

PELVIC LEVEL DEVICE

Mid-Section. Made of light alloy. With attached bubble.

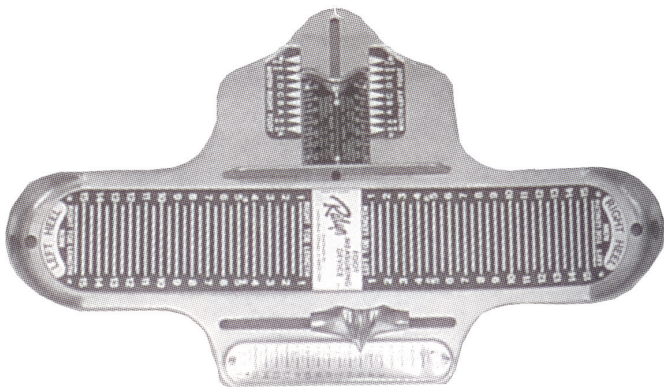

Ref.: AC-T06019

RITZSTICK

One size stick.

Ref.: APX-1141

BRANNOCK DEVICE

Measures heel-to-toe length, heel-to-ball length, width of the foot.
